

At Greenville Health System (GHS), we know that children aren't small adults and one size doesn't fit all. That's why we deliver "whole child" care that's just the right size. Having a pediatrician you can establish a relationship with is important. To find one, check out the GHS offices listed here. For after-hours care, see the practices indicated by green shading. Learn more about the pediatricians who practice there at [ghs.org/mydoctor](http://ghs.org/mydoctor) or call **1-844-GHS-DOCS (447-3627)**. For a complete list of primary and specialty doctors, go to [ghs.org](http://ghs.org).
